VI.—METEOROLOGY.

61.—NOTES ON THE CLIMATE OF WESTERN AUSTRALIA FOR YEAR ENDED 31ST DECEMBER, 1915.

(By the Commonwealth Meteorological Divisional Officer for Western Australia.)

In Western Australia seasons are clearly defined, both as regards temperature and rainfall, January corresponding with the English July; thus our *Summer* months would consist of December, January, and February; *Autumn*, March, April, and May; *Winter*: June, July, and August; and *Spring*: September, October, and November; January being our mid-summer, and July our mid-winter; whilst March would commence Autumn, and September our Spring.

The annexed table shows the mean temperature, evaporation, and rainfall for several years at Perth for each of the seasons:—The temperature records extend over 19 years; the evaporation 17, and the rainfall 40 years.

a. The gross public debt on the 30th June was, as shown in column 9, £37,022,622 7s. 3d. In addition to this amount the State was indebted to the Government Savings Bank, etc., for £421,373 11s. 3d. invested in the purchase of Bonds under the Agricultural Lands Purchase Act. Unlike other Loan issues made by the State, the interest on these Bonds is not charged to Revenue, nor will the Principal be so charged should the funds accumulating under the Act suffice for the purpose of Redemption. *b.* Premiums on Conversions. *c.* Discounts on Conversions. *d.* Included in Local Inscribed Stock above. *e.* Includes Sinking Fund on Local Debentures, also 1913/23, 1915, 1914/24, and part of 1917, issues of Local Inscribed Stock. *f.* Local Debentures. *g.* Issued for redemption of portion of 1913/23 and 1914/24 Stock issued under Loan Act, 1904. *h.* Included under 1926 Stock above. *i* Issued for redemption of portion of 1915 Stock, £7,655 being provided from Sinking Fund. *j* This represents the instalments paid on account of Commonwealth Loan of £3,100,000. *k* London issue. *l* The difference between this total and that in Return No. 6 is due to Discounts and Flotation Expenses for £154,793 16s. 11d. being included here but not in the other return.

* Owing to the Commonwealth Government having discontinued the distinction between the State production and that of the other States of the Commonwealth, it is now impossible to show the oversea destination of locally produced exports in this table, as shown previous to the year 1911. In the case of the Interstate Transfers, however, the value of local produce exported to each State of the Commonwealth is shown in the Summary of Table No. 11, page 70. ** Merchandise of Australian origin previously exported and now returned to this State.

PART IV.—INTERCHANGE.

No. 10.—*GENERAL IMPORTS into the State of Western Australia during the Year ended 30th June, 1915.*

Duties on British and Foreign Imports are collected under the provisions of the Commonwealth "Customs Tariff Act, 1902." (Edwd. VII., No. 14).

NOTE A.—On all British and Foreign Imports 10 per cent. has been added to the fair market value of the goods at port of shipment.

NOTE B.—The "Quantities" columns are left blank in all cases where the quantities declared are packages of an irregular or unrecognised size, and consequently do not indicate the number, capacity, or weight of articles imported.

(Compiled partly from Returns furnished by the Collector of Customs and partly from Returns collected under "The Statistics Act, 1907.")

PART V.—LAND SETTLEMENT, AGRICULTURE, LIVE STOCK, AND METEOROLOGICAL STATISTICS.

No. 6.—*Privately-owned Land, and Crown Lands held under Lease or License, for which Returns (‡) were received, Season 1915-1916; also Cropping, Clearing, etc., for the same period.*

NOTES.—1. *The rectangular areas* adopted, which are shown on the map attached to this part of the *Statistical Register*, are comprised within the sheet lines of the Standard Plans of the Survey Department. Being permanently fixed they are units that can be readily sub-divided and re-grouped at any future time into new districts and sub-districts, without impairing their use for comparative purposes. Except where the areas are broken by the sea coast or other causes the area numbers here printed in black type represent areas of 8,437½ square miles each, whilst those printed in ordinary type represent areas of 937½ square miles each, and the sub-area numbers marked A, B, C, or D, as the case may be, represent areas of 234⅜ square miles each. 2. Areas in parentheses and marked with an asterisk (*), are those for which the returns, if any, have been included in those of an adjacent area where the homestead is situated. In most instances, however, they are unoccupied as regards the headings shown. Areas marked (†) are portions of areas only

STATISTICAL DISTRICTS, SUB-DISTRICTS, AND AREAS.	PRIVATELY-OWNED LAND (including Land in process of alienation from the Crown).			CROWN LANDS HELD UNDER LEASE OR LICENSE without option of purchase.	CROPPING, CLEARING, ETC., ON HOLDINGS (Season 1915-1916.)

NOTE.—In addition to the above figures the following particulars were also obtained:—Acreage of Planted Forest Trees, 1,280 acres; Lands farmed on the "Share System": For Cultivation, 30,972 acres; For Dairying, 10 acres. (‡) The reason why Returns relative to certain alienated and leased land are not obtained under the Statistics Act is mainly to be found in the fact that it has proved impracticable for the Statistical Collectors to enforce the provisions of the Act in connection with lands which remain *entirely unimproved or unstocked*, and also in a lesser degree in the fact that small holdings under one acre in extent are exempted from supplying Returns. The Statistical returns are, however, collected from all lands over one acre in extent on which improvements have been effected, and upon which Agricultural or Pastoral pursuits are carried on, and, therefore, comprise all lands the obtaining of Returns from which would serve any practical purpose. § Including land on which timber was cut by Firewood Companies.

* If importation took place during the year it was classified under some general heading, and not particularly specified. † It is possible that for this and subsequent years certain importations of currants and raisins have been returned as other Dried Fruit, thus accounting for the apparent decrease under the two former headings, and the increase under the latter. ‡ Including other essential oils. § Principally for breeding purposes. ¶ Not at present available for publication. ‖ Exclusive of years 1914-15 and 1915-16.

NOTE.—This table has been compiled with the special object of showing the values of the importations into Western Australia during the last 10 years of such products of the soil and of live stock as might in the future be produced within the State, but are at present introduced to supply the deficiency in local production. It serves, in some respects, as a basis for calculations as to the market reasonably to be expected therein for home-grown products.

*Prior to 1885, readings were not taken at 9 a.m. and 3 p.m., and the noon reading has been entered as the Monthly Mean. Since that date the mean is taken from the 9 a.m. and 3 p.m. readings. †The Thermometers were moved in August, 1885, to their present position in the Botanic Gardens, and as they have apparently given a slightly lower record since then, the means have been taken from 1886 only.

* Exclusive of cost of Administration. † By "The Assisted Schools Abolition Act, 1895," all grants-in-aid to these were abolished from the 31st December of that year. Thereafter these schools ranked as "Private" schools, as distinguished from "Government" Schools. The figures thence onwards include all private schools, secondary as well as primary. The average attendance, and, consequently, the percentage of attendance to enrolment at these schools for subsequent years, is partly estimated, some of the returns forwarded being obviously incorrect. ‡ Not ascertained for the previous years shown. § Including Schools closed during the year. *a* Year ended 30th June.

Notes.—*Denominations.*—When two or more Religious Denominations authorise the same Instructor or Instructors to give religious instruction, the children who attend such instruction are entered in the Records and Returns as if each denomination formed a separate and distinct class.

* For convenience sake, the heads of the Methodist, Presbyterian, Congregational, and Baptist Churches have agreed that clergymen belonging to any one of these denominations may be considered as the authorised delegate of the other three. Therefore, the attendance by a clergyman is credited to the denomination whose Minister imparts instruction. † Special religious instruction has been given in 368 distinct schools.

B.—General Religious Instruction.

This instruction, which excludes dogmatic or polemical theology, is given in all schools. The number of children withdrawn from it, in accordance with the written request of parents, amounted to 2,191, made up as follows:—Roman Catholics, 1,868; Hebrew, 132; Seventh Day Adventist, 42; No Denomination, 8; Church of England, 18; Methodist, 8; Presbyterian, 2; Agnostic, 2; Christadelphian, 1; Lutheran, 1; Freethinkers, 4; Plymouth Brethren, 3; Congregational, 2.

* Up to 6th April, 1903, the Society was known as "The Mueller Botanic Society." On this date the scope of work embraced was widened to include all branches of Natural History, and the title was changed to "The West Australian Natural History Society." In 1909 the title was changed to "The Natural History and Science Society of Western Australia," and it is now open to all branches of scientific research. In 1914 His Majesty the King graciously permitted the Society to assume the title of "The Royal Society of Western Australia."

† No Government Grant was received. In lieu thereof the Government Printer was authorised to print the Society's Journal and proceedings at an estimated cost of £35 10s.

‡ Estimated cost of printing the Society's Journal and Proceedings not included.

* On 31st December. *a* From the first settlement of the colony up to the year 1837 there were no Blue Books issued, and the figures relating to arrivals and departures, shipping, imports and exports were taken either from the reports of the Harbour Master at Fremantle or from the Perth newspapers of that period. From 1838 to 1859, inclusive, the Blue Books give only the excess of arrivals over departures, or *vice versa*. *b* No records obtainable. *c* The figures for 1893 and subsequent years are for the year ended 30th June. *d* Exclusive of figures relating to Unclaimed Depositors' Fund, which for previous years have been included, but including figures relative to the Schools Savings Bank, which provision did not previously exist. *e* Departmental figures. *f* On 30th June.

* Records of Outward Shipping for several years are not available, and for such years, therefore, the same figures are shown as for Inward Shipping. Where, occasionally, the correct Outward figures have been found recorded, they naturally clash with the system adopted for the other years. † Total Gold Export is included in Table No. 3, "Gold Production," pages 6 and 7, which comprises gold received at the Perth Mint. *a* The exports up to the year 1834 consisted only of supplies to shipping, of which no record was kept. *b* No records obtainable. *c* Six months ended 30th June. *d* Year ended 30th June. *e* Information not at present available for publication. *f* As at 30th June, 1914.
